### **Expedited Payment Feature**

Follow these easy steps to generate a speedy payment. Remember, there is a **\$19.95** fee for processing this payment and funds **must** be available to cover both the payment amount and the process fee.

1. Click on **Expedited Payments** under Bill Pay tab.
2. Fill in the Expedited Payments fields.
3. The system will verify the following:
  - a. The address is a valid deliverable address for FedEx.
  - b. The funds in your account are sufficient to cover the \$19.95 fee and the amount of the payment.
  - c. Verify the information and click **"Continue to initiate the payment."**
4. A confirmation message displays the payment information and the FedEx Tracking Number for the payment. If you click on the Tracking Number link, this will redirect you to the FedEx website where you can track the check payment. The tracking number will be available in Bill Pay History.
